

SACCON

CABLES

Visibili o nascosti, i cavi sono presenti in moltissime produzioni industriali ed assolvono alla loro funzione in modo insostituibile.

Ogni diversa situazione necessita di un cavo specifico per dimensione, sezione, guaina eventuale di protezione, testa di ancoraggio e altro.

Saccon offre una gamma di cavi impareggiabile con una adattabilità totale per risolvere al meglio ogni necessità di progetto. Diteci 'come' lo volete e noi ve lo faremo.

SACCON CABLES

Visible or out of sight, cables are used in a great many industrial production processes, carrying out irreplaceable function. Each different situation needs a special cable of suitable size and section, perhaps with a protective sheath or anchor head, etc. Saccon offers a range of cables of unbeatable quality, fully adaptable to all project requirements. Tell us what you want and we will provide it.

Visibles ou cachés, les câbles sont présents dans de très nombreuses industries et ils remplissent leur fonction de manière irremplaçable. Pour chaque cas, il faut disposer d'un câble spécifique de par ses dimensions, section, gaine éventuelle, tête d'ancrage et autre. Saccon offre une gamme de câbles inégalée parfaitement adaptable pour résoudre au mieux toutes les exigences qui se présentent. Dites-nous 'comment' vous le voulez et nous vous le produirons.

Sichtbar oder versteckt, die Kabel sind in vielen Industrieerzeugnissen vorhanden und erfüllen unersetzbar ihre Funktion. Von Fall zu Fall werden Kabel mit spezifischen Abmessungen, Querschnitt, Kabelmantel, Verankerung usw. benötigt. Saccon bietet eine reichhaltige Serie von unvergleichbaren Kabeln mit hundertprozentiger Anpassung, um allen Projektansprüchen gerecht zu werden. Sagen Sie, wie Sie es wollen und wir machen es.

Visibles u ocultos, los cables están presentes en muchísimas producciones industriales y tienen una función insustituible. En cada situación se necesita un cable distinto por dimensión, sección, vaina protectora eventual, terminal de sujeción y otros detalles más. Saccon le ofrece una gama de cables única, con una adaptabilidad total para resolver todo problema en la realización de cualquier proyecto. Díganos 'cómo' lo quiere, y nosotros se lo haremos.
